

CZNEWTON DSS series

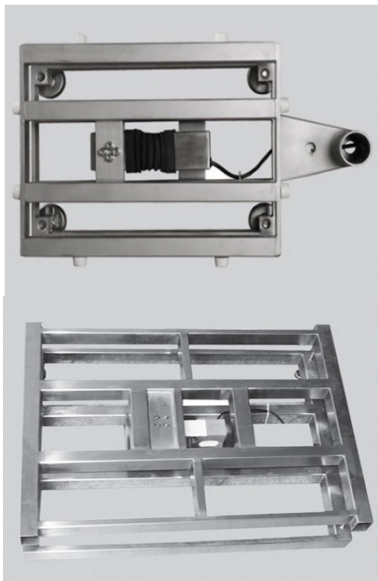

STAINLESS STEEL PLATFORM SCALES

Various SANS 1649 approved Stainless Steel platform scales for your specific weighing requirement

Complete stainless steel specially designed for intensive use, in harsh environments meeting the strictest requirements in terms of hygiene and cleanliness. The scales are equipped with a single point fully stainless steel ZEMIC and SANS1649 approved load cell to achieve optimum reliability & accuracy

Model	Dimensions & Height	IP67 alloy steel loadcell	Max Capacity	Top Plate
DSS-3030 – bench type	(W)30 x (D)30 x (H)30cm	L6N-30	6kg x 1g OR 15kg x 2g	S/S T=1.0mm
DSS-4050 – floor type	(W)40 x (D)50 x (H)60cm	L6E3-300	60kg x 10g OR 150kg x 20g	S/S T=1.2mm
DSS-6060 – floor type	(W)60 x (D)60 x (H)60cm	L6G-600	300kg x 50g	S/S T=1.2mm

Model	Dimensions & Height	IP68 stainless steel loadcell	Max Capacity	Top Plate
DSS-3030 – bench type	(W)30 x (D)30 x (H)30cm	B6N-30	6kg x 1g OR 15kg x 2g	S/S T=1.0mm
DSS-3030 – bench type	(W)30 x (D)30 x (H)30cm	B6E-100	30kg x 5g	S/S T=1.0mm
DSS-4050 – floor type	(W)40 x (D)50 x (H)60cm	BM6G-300	60kg x 10g OR 150kg x 20g	S/S T=1.2mm
DSS-6060 – floor type	(W)60 x (D)60 x (H)60cm	BM6G-300	300kg x 50g	S/S T=1.2mm

Platform Specifications:

- ❖ M10mm stainless steel leveling feet
- ❖ SUS 304 Stainless steel construction
- ❖ Operating Temperature: -10°C - 40°C

Option 1:

- ❖ IP67 Alloy steel loadcells
- Alloy steel adhesive sealed

Option 2:

- ❖ IP68 Stainless steel loadcells
- 304 Stainless steel hermetically sealed loadcells
