

Option 1:

Crate with Gate & Neck clamp

Cattle crush specifications:

- Robust design
- With 1 x gate and 1 x neck clamp
- Actual weight of cage - 350kg
- Dimensions:
(W)0,7m bottom/1,1m top x (L)2,65m x (H)2m
- Flat surface recommended with installation

Optional:

- Body clamp

Option 2:

V-shape side barrier Troth

Side barrier platform specifications:

- Mild steel 4,5mm chequer/vastrap top plate
- Mass 70kg
- Weigh-bars - 2000kg capacity **(not included)**
- 2.45cm x 68cm x 40cm (L x W x H) - fits in between crush
- The platform needs to be installed in a crush, with gates at the front and back
- Flat surface recommended with installation

Optional:

- Galvanised construction

RELIABILITY GUARANTEED

RELIABILITY GUARANTEED

Livestock Indicator

Option 1:

Standard model TSCALE KWM

Standard Features:

- Housing: ABS plastic
- Power: 220VAC mains with built-in battery (up to 90 hours continuous use)
- Display: 24mm LCD display, with white colour LED backlight
- Application programs include: Accumulation, etc.
- Weight stabilizing
- Weight lock
- RS232 output
- **Optional:** Average weight through Blue tooth interface

Option 2:

Intelligent model HMI

Standard Features:

- Housing: ABS plastic IP68
- Power: 220VAC mains with built-in battery (up to 72 hours continuous use)
- Display: 10"/7,1" display
- Application programs include: Accumulation, etc.
- Weight stabilizing
- Weight lock
- **Average Weight**
- Total Weight
- Total Count
- Detail Reporting on Specific Cattle
- Highest & Lowest Weighed per batch
- Cattle Search
- External Data Access
- Export to Excel
- **Optional:** Scanner Interface/RFID Detail Report(Requires Password)

Weigh-bars:

Model Platinum – 06, 08 & 10

Standard weigh-bar length for cattle crush

- Dimensions: 80cm length
- Capacity: 0kg - 2ton
- Accuracy: 0,5kg

Other weigh-bar option sizes:

- 60cm (Length)
- 1m (Length)

Weigh-bar specifications:

- Feet can be raw bolted onto a LEVEL concrete floor
- Tough construction, fully weather proof - suitable for use in rain or sun
- Heavy duty 5m cables
- Ideal to use under stock platforms, crates, crushes and wool presses
- Cables are sealed into weigh-bars to eliminate moisture
- Suitable for livestock animal weighing
