

ULTRA LOW (UL series) INDUSTRIAL TROLLEY PLATFORM SCALES

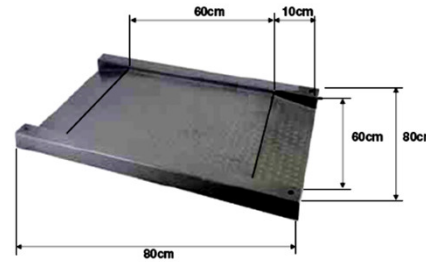

A ROBUST and ideal solution, suitable to pull on trolleys or boxes, to push pallet jack on, rolling on drums, etc.

Trolley ramp UL-0808

(80cm x 80cm) platform with fixed ramps

Specifications:

- Outer dimensions: 80cm(W) x 80cm(L) including ramps
- Inner dimensions: 60cm(W) ramp side width x 80cm(L)
- Weighing surface: 60cm x 60cm
- 2 x Ramps: 10cm gradient
- Top plate: level at top of channel iron or recessed
- Top plate - 5mm chequer plate
- 5 to 10mm adjustable floor to ramp gap

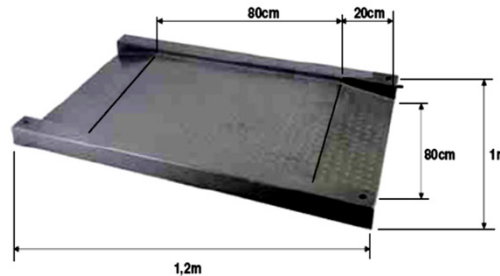

Trolley ramp UL-1012

(1m x 1,2m) platform with fixed ramps

Specifications:

- Outer dimensions: 1m(W) x 1,2m(L) including ramps
- Inner dimensions: 80cm(W) ramp side width x 1,2m(L)
- Weighing surface: 80cm x 1m
- 2 x Ramps: 20cm gradient
- Top plate: level at top of channel iron or recessed
- Top plate - 5mm chequer plate
- 5 to 10mm adjustable floor to ramp gap

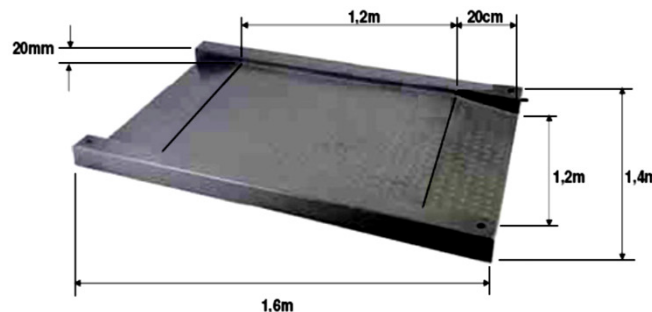

Trolley ramp UL-1416

(1,4m x 1,6m) platform with fixed ramps

Specifications:

- Outer dimensions: 1,4m(W) x 1,6m(L) including ramps
- Inner dimensions: 1,2m(W) ramp side x 1,2m(L)
- Weighing surface: 1,2m x 1,2m
- 2 x Ramps: 20cm gradient
- Top plate: level at top of channel iron or recessed
- Top plate - 5mm chequer plate
- 5 to 10mm adjustable floor to ramp gap

Optional:

- Column mount display, can be attached or remote mounted.
- Weighing surface can be recessed for a lower pitch applications.
