

Preciso EJ-323A+

Precision balance (1mg)

Products Specification:

- Large LCD display;
- Power: AC/DC power supply + built-in rechargeable battery (6V/1.3AH);
- Pan size: Ø80mm
- Dimensions (length × width × height) - 295 × 205 × 320

- Weigh modes: g, ct, oz, dwt, ozt, tola, lb, gn, kg, t, gsm, tar & tmr;
- 100% Tare
- Animal Weighing
- Counting function;

Technical Parameters:

- Maximum weighing 320g
- Readability 0,001g (1mg)
- Repeatability ±0,003g
- Linearity error ±0,003g
- Response time 3s
- Working environment 10°C – 30°C, 80%RH
- Warm-up time (min) +/-30 min

Optional:

- RS232C function
- Double-lined weight display
- Density weighing function

- ❖ Grain measurement - 1g = 15.41gn
- ❖ Carat measurement - 1g = 5ct
