

# SHEKEL MERAV 2000 S/P Industrial Application Indicators

**SANS 1649 compliant -  
Legal for Trade**

## **Model & Specifications:**

### **MERAV 2000 S/P (for batching - 4 x set-point controller)**

- Up to 12 x Load cells,
- Power: 220VAC mains
- **Built-in 4 x set point controller**
- Weight memory

### **Optional - Stainless steel housing**

### **MERAV 2000 DENISE S/P (with 4 x set-point)**

- Specifications as above
- Fully stainless steel IP67 housing

Optional: PANEL MOUNT

## **Specifications:**

- PVC Box
- Pilot lights
- Start & Stop button
- Power Supply/Mini-Rel
- Suppressor
- 4 X Relays
- Cabling & connectors

## **Standard specifications:**

- 6 digits 1" LCD Display
- All functions are programmable using 4 keys
- Flexible decimal point
- Division: 1, 2, 5, 10, 20, 100, 200, 500
- Accuracy: 3000d suits OIML-H44 standards
- Resolution: 10000d, 120000 internal divisions
- Analog / Digital Filter, analog signal with 3.3µV/sec sensitivity
- Auto Tare and manual Tare input
- Connects up to 12 load cells 350ohm, p/supply 5V-10V to each load cell
- Power source 50/60 Hz 230 VAC
- Weight memory
- **EASY PANEL MOUNT HOUSING**

Process control applications
